

## **Team meeting - 2nd April 2022**

GP gathering - discussed the proposed schedule and asked for sangha hosts for the time of the retreat only. Any volunteers please let us know

GP gathering - not formal scholarships but ask for help if needed - mention to students in sanghas if this is brought up

Gifting scholarships for all events - we have set these up for the retreats and are looking to introduce GP gift subscriptions soon. Please mention in sanghas the availability of the reduced subscriptions for GP

GP session times are changing from July. Alternating 12 noon and 7pm UK to accommodate more time zones as growing sangha in New Zealand

Satsangs changing from April 28th to alternating Thursdays at 11am/7pm UK

Volunteers for DTE Sanghas - study groups did not work, we would like to arrange more DTE sanghas for the next course in September

Team meetings alternate around the GP live sessions every 2nd month. This is based around the GP sessions

June and October all sessions will be on unusual days around retreats.

Volunteers to help with emails - anyone interested to please contact us. If anyone hears of anyone who would like to help this is available.

Sangha held by Caroline and Michael - the time for their sangha will need to change from July. This will need to be confirmed by June to add to the calendars.

Indexing - Caroline said that she has had a lot of help with the DTE indexing, some of these volunteers are now going to help with GP indexing

Social media post - Melissa said that she feels like there hasn't been the same level of engagement with these posts. Helen said that to give this time. Historically the sangha group on Facebook is relatively quiet with regards to interaction. Helen feels that the posts are great and the interaction will change with time. Helen also said that there is an increase in the activity on the post when she looks at the statistics i.e reactions and sharing. Tatjana said that she enjoys just reading them and enjoys them in the same way as the nuggets

Tatjana would like to volunteer more that at the moment has a lot going. Maggie explained what the role of a reader entails, and the commitment involved.
